

Quality Water... Quality Life

Ultima GRO + is an a unique drinking water system that combines advanced high efficiency purification technology, without sacrificing essential minerals electrolytes and alkaline Ph benefits. Our innovative design ensures the removal of harmful contaminants, while providing a matrix of organic, quality trace minerals for a healthy ph balance. The Ultima GRO + is the clear choice for pure, healthy water for life!

Innovation:

- Pentair 1/1 waste membrane provides the most efficient technology available today!
- Exclusive Bio-Guard advanced filtration technology, featuring Agion® antimicrobial media. Ensures protection from microbiological contamination.
- Hydronix chelated trace mineral filter, provides the finest blend of quality organic minerals, electrolytes and ensures optimal ORP and Ph.

Performance:

- FloRite rapid fill feature, quickly dispenses water every time.
- TFC purification technology ensures removal of harmful contaminants and premium drinking water.
- NSF/WQA certified components.
- Solid brass fittings ensure leak free operation and superior quality.

Efficiency

- Automatic flow control shut off, for optimum water savings.
- Eco-smart 1/1 waste ratio membrane provides maximum output with minimum waste.
- Non-electric, works solely on water pressure.

GRO Contaminant Removal Specifications:

Material	Rejection %	Material	Rejection%
Aluminum	98-99	Magnesium	96-98
Ammonium	86-92	Mercury	96-98
Arsenic	94-96	Manganese	95-98
Barium	96-98	Nitrate	60-75
Bicarbonate	90-95	Nickel	60-75
Bromide	87-93	Phosphate	98-99
Cadmium	96-98	Potassium	98-99
Chloride	93-97	Silicate	85-90
Chromium	86-92	Silver	93-96
Copper	98-99	Sodium	87-94
Cyanide	86-92	Strontium	96-98
Ferrocyanide	98-99	Sulfate	98-99
Fluoride	87-93	Sulfite	96-98
Iron	95-98	Thiosulfate	98-99
Lead	96-98	Zinc	98-99

Removes 90% of all Volatile Organic Compounds: THM's, PCBs, Pesticides, Herbicides. Removal rates vary depending upon TDS, Water Temperature and chemistry.
